## COLOR FLEXIBILITY FOR SMP/HYBRID SEALANTS

For manufacturers of polyurethane and SMP/Hybrid sealants, Holcoflex is the color solution engineered to meet complex production demands. Its low-moisture formula helps preserving intended shelf life, while its compatibility with hybrid systems provides versatility for evolving markets. With non-phthalate components and enhanced stability, Holcoflex simplifies production without compromising on performance.

We collaborate directly with manufacturers to optimize cost efficiency across processes, from batch production to cartridge filling. Backed by over 40 years of expertise in color formulation, Holland Colours delivers tailored solutions with exceptional color consistency to meet your unique production needs.
