HOLCOPEARL®

COLOR CONCENTRATE FOR BUILDING & CONSTRUCTION

BUILD YOUR BUSINESS WITH COLOR

Seeing an increased need for more color options in the building & construction market, we've created Holcpearl® for premium siding, trim and profiles. With a specialized product format alongside other HCA colorants, the possibilities for personal tastes are vast. Now you can show your true colors and have better processing.

ONE-STOP SHOP

Holland Colours has helped shape the the Building & Construction industry with a full range of colorants and additives. From siding & profiles to vinyl signage and beyond, we've got you covered.

WHAT IS HOLCOPEARL® ?

This colorant is made using underwater granulating, resulting in very consistent particle size distribution. And with a polymer-based carrier system slightly increased from traditional Holcoprill, it offers excellent dispersion for ease of blending online.

WEATHERING THE STORMS

As are other Holland Colours exterior products, Holcopearl® for B&C is engineered for rugged outdoor use. With years of weathering data already on hand, we deliver a multitude of colorants that will stand the test of time.

INNOVATION AND SUPPORT

For over 40 years, we've been providing cutting-edge colorants and additives to the plastics industry. Along with innovative products, we offer a full range of assistance from design to sales to technical and analytical services. When you work with Holland Colors, you get unrivalled customized support.
